

FIESTA LED STRING LIGHT

SKU# 231428

Rated Voltage 5 VDC

Battery: 18650 Li-ion 3.7V 1800 mAh

To ensure correct function and safety, please read and follow all instructions carefully before assembly, installation and use of the product. Please keep instructions for future reference.

Warranty

- This product is covered by a 12-month warranty from the date of purchase. Please retain proof of purchase.
- Warranty will be void if there is any damage due to improper usage or modification to the fitting.
- Failure to comply with the instructions in this manual may increase the risk of damage or injury and will void warranty.

Operation Instructions

1. Power Indicator
2. light Button
3. String light button
4. USB-Charging Port
5. Folding Handle
6. Hook

- A. Luminaire can be used as string light and camp light. Both the lights have different operating modes.
- B. For string light, press string light button (3) to change modes in order below:
 - Constant mode
 - Flash mode
 - Slow flash mode
- C. To unfold the string light from luminaire, pull the hook (6) outwards. To store light string back into the luminaire, rotate folding handle (5) anticlockwise.
- D. Hook (6) can be used to hang light strip at your desired and suitable environment.
- E. For light, press light button (2) to change modes in order below:
 - Full brightness
 - Medium brightness
 - Orange light (emergency light)
- F. Luminaire can be handheld in light mode using folding handle (6).

G. This luminaire has a built-in rechargeable lithium battery. (18650, 3.7VDC, 1800mAh). Battery can be charged by USB-C charging.

NOTE:

- **Battery uses overload protection function to avoid overcharging issues.**
- **Full charge the battery before initial use and should be charged in regular intervals to prolong battery lifetime.**
- **Do not charge the battery for more than 5 hours.**
- **At least charge every three months to avoid battery damage.**

USB-C CHARGING

Use the cable provided with a compatible power supply (not included) with a 5VDC 1A USB port to charge luminaire. Remove the plug and use the USB-charging Port (4) for charging. Different modes of charging indicate if:

- Blue light blinks on power indicator (1), then luminaire is under charging.
- Blue light is steady on power indicator (1), luminaire is fully charged.

NOTE:

- **Do not charge the luminaire more than 4 hours.**
- **Please ensure an appropriate power adaptor (not included) is used for charging according to the rated input (5V DC, 1A) of the product.**

Safety tips

- Always ensure the power is OFF and the luminaire has cooled down before performing any maintenance, cleaning or making any adjustment to the luminaire.
- Young children should be supervised to ensure that they do not play with the luminaire.
- Handle the luminaire with care to avoid any damage or breakage.
- To clean wipe with a soft damp cloth. Do NOT soak or immerse the luminaire in water or other liquids.
- Ensure that the luminaire does not come in contact with corrosive chemicals/solvents or abrasive cleaners etc.
- Do not look directly into the light source or point it into the eyes of others. This can lead to retinal damage.
- The light source of this luminaire is not replaceable; when the light source reaches its end of life, the whole luminaire shall be replaced. There are no serviceable parts, do not attempt to dismantle or open the luminaire.
- Store the light in a clean, dry, and dark place. Do not expose it to temperature over 35°C or under -15°C. Avoid direct sunlight. Caution: Never use a damaged product (e.g., worn cable, cracked casing).
- The battery is not replaceable. Do not attempt to replace the battery. When the battery reaches its end of life, the whole product shall be replaced. Contact your local council to safely dispose of equipment with a built-in lithium-ion battery.
