

WINNIE LED RECHARGEABLE TABLE LAMP

SKU# 250967, 250968, 250969.

Rated Input 5V DC, 1A

To ensure correct function and safety, please read and follow all instructions carefully before assembly, installation and use of this luminaire. Please keep the instructions for future reference.

Warranty

- This luminaire is covered by a 12-month warranty valid for in-store replacement or refund only.
- The warranty period starts from the date of purchase. Please retain the proof of purchase for any warranty enquiries
- The warranty will be void if there is any damage due to improper usage or modification to the luminaire.
- Failure to comply with instructions in this manual may increase the risk of damage or injury and will void the warranty.

Installation Requirements

- Select a suitable location for this luminaire:
 - Ensure it is on a flat and stable surface.
 - This luminaire is suitable for use in indoor environments only.
 - This luminaire is not waterproof. Keep away from wet, dusty, humid, direct sun light or hot areas.
 - If the luminaire is placed in an area prone to moisture, ensure that the area is well ventilated, and an appropriately rated exhaust fan is used if required. Damage or corrosion caused by environmental exposure (including salt air, high humidity, moisture or condensation) is not a product fault, and as such is not covered under warranty
- Lay out all the components on a smooth surface and make sure no components are missing, or have been damaged during transport, before assembling. Do not operate/install any luminaire which appears damaged in any way. If parts are missing or damaged, return the complete luminaire to the place of purchase for inspection, repair or replacement.

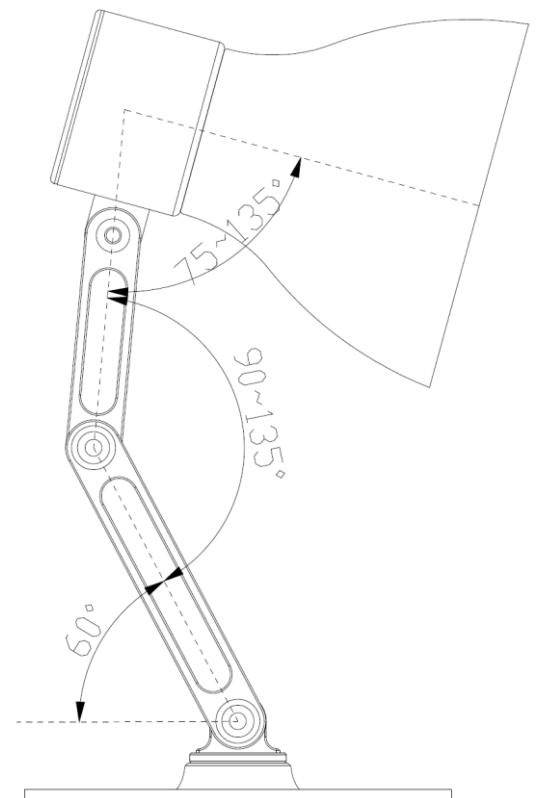

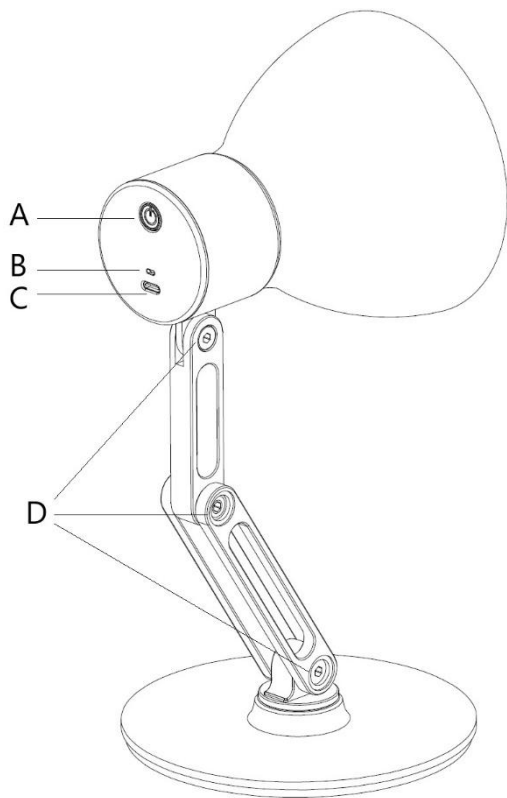

Operation Directions

1. Fully charge the luminaire before using for the first time.
To charge the luminaire, insert the included USB-C cable into the charging port (C) at the back of the luminaire head and plug into a compatible adaptor (not included) with a 5V DC 1A output or lower current.
2. The indicator light (B) next to the charging port (C) will be on, when the battery is charging.
The indicator light (B) next to the charging port (C) will be off, when the battery is fully charged.
3. Push the switch (A) at the back of the luminaire head:
4. **Press once:** Turns the luminaire ON and sets the colour temperature to **Warm White**.
Press twice: Changes the colour temperature to **Cool White**.
Press three times: Change the colour temperature to **Day Light**.
Press four times: Turns the luminaire **OFF**.
5. The angle of the head and arms can be adjusted by loosening the hex screw (D) with the Allen key located in the base of the portable luminaire.

NOTE: Do not adjust beyond the angles shown on page 2, as this may damage the joints and the luminaire

NOTE: Please ensure an appropriate power adaptor is used for charging the lithium battery according to the rated input (5V DC, 1A).

NOTE: Battery performance will gradually decrease over time, this will reduce the operating duration.

Safety Tips and Warnings

- Always ensure the power is OFF and the luminaire has cooled down before performing any maintenance, cleaning or making any adjustment to the luminaire.
- Do NOT look directly at the LED light source while the luminaire is on, as this may cause eye injury.
- Children should be supervised to ensure that they do not play with this luminaire.
- This is NOT a toy. This is a luminaire and must be operated and maintained by an adult
- This luminaire is NOT a toy. Keep out of reach of small children.
- This luminaire is NOT suitable for children aged 3 and under.
- This luminaire is for decorative purpose only.
- Handle the luminaire with care to avoid any damage or breakage.
- Select a suitable location away from liquids and hazards.
- **WARNING: Use only an external supply with the following specifications: 5V ——— 1A.**
- The normal temperature range for charging the battery is: 15°C to 40°C.
- It is recommended to charge the battery at least every three months during storage to prevent deep discharge. Regular charging (at least every three months) helps maintain battery health, ensures reliable operation, and extends the overall service life of the luminaire.
- The light source and rechargeable lithium-ion battery of this luminaire is not replaceable; when the light source or rechargeable lithium-ion battery reaches its end of life, the whole luminaire shall be replaced.
- To clean, wipe with a soft damp cloth or duster. Do NOT soak or immerse the luminaire in water or other liquids.
- Ensure that the luminaire does not come in contact with corrosive chemicals/solvents or abrasive cleaners etc.
