

PIATTO WALL SCONCE

SKU# 300966,300967

Rated Input: 5VDC, 2A

Battery: 18650 Li-ion 3.7V 1800Mah 6.66Wh

To ensure correct function and safety, please read and follow all instructions carefully before assembly, installation and use of this product. Please keep the instructions for future reference.

Warranty

- This product is covered by a 2-year warranty valid for in-store replacement or refund only.
- The warranty period starts from the date of purchase. Please retain the proof of purchase.
- Warranty will be void if there is any damage due to improper usage or modification to the product.
- Failure to comply with instructions in this manual may increase the risk of damage or injury and will void the warranty.

Installation Requirements

- Select a suitable location for this product:
 - This product is suitable for indoor use only.
 - This product is not waterproof.
 - Ensure it is installed on a flat and stable surface.
 - Keep away from wet, dusty, humid, direct sunlight or hot areas.
- Lay out all the components on a smooth surface and make sure no components are missing or have been damaged during transport. Do not operate any product which appears damaged in any way. If parts are missing or appear damaged, return the complete product to the place of purchase for inspection, repair or replacement.

Installation Directions

1. Select a suitable installation location for the product, see the installation requirements above.
2. The Mounting plate (2) can be installed using one of the two methods below:
 - *Mounting method 1:* Drill two holes on wall using mounting plate (2) as template and install the mounting plate (2) using appropriately sized screws (3) and anchors (1). Ensure the screws (3) and anchors (1) used are suitable for mounting surface and surrounding environment (Fig. A).
 - *Mounting method 2:* Attach the round double-sided adhesive tape (8) to the mounting plate (2), then press the mounting plate (2) firmly onto the wall (Fig. B).

NOTE: Ensure the wall surface is smooth and free of dust to maintain proper adhesion of the tape.

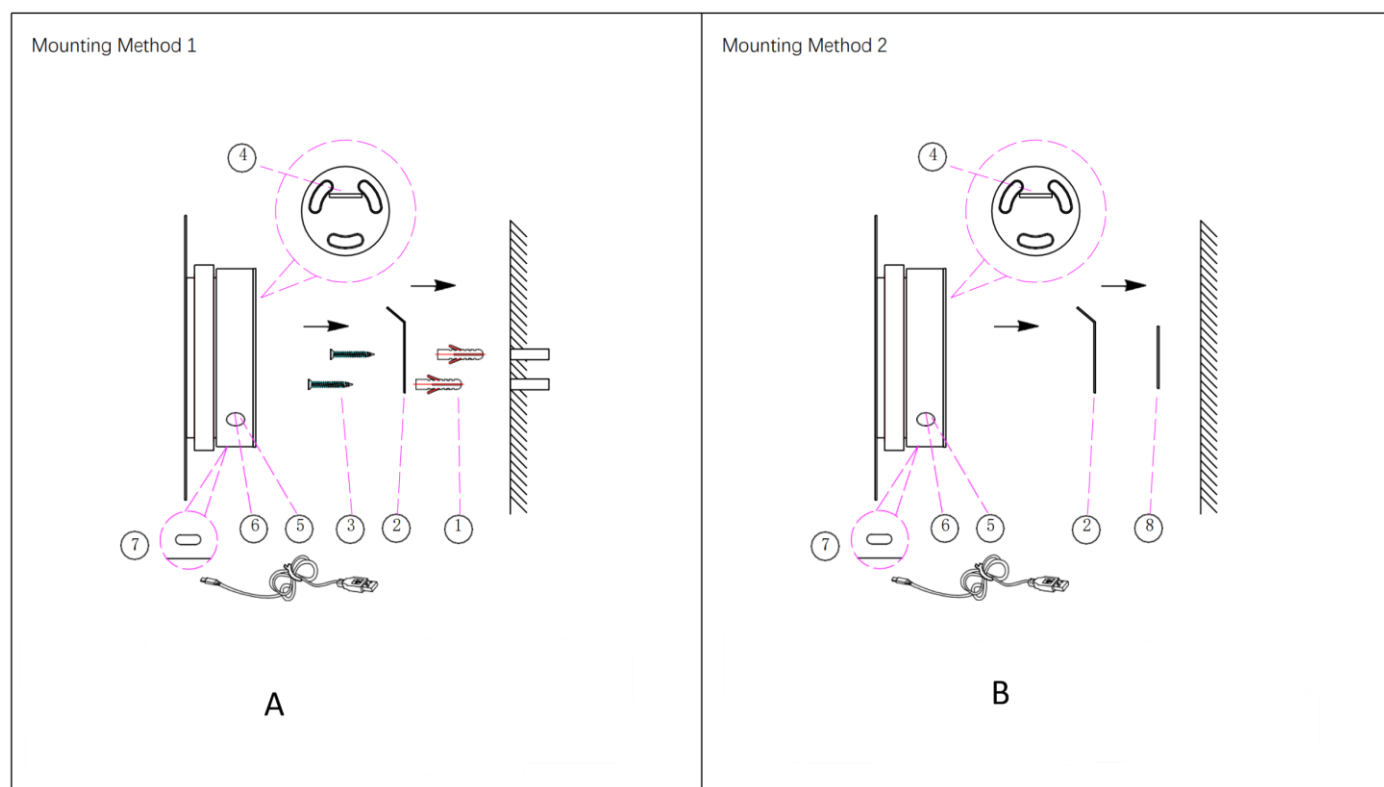

3. After installing the mounting plate (2), attach the luminaire by aligning the groove on the back of the luminaire (4) with the mounting plate and slide into place.
4. The Touch switch (5), charging indicator light (6) and USB-C charging port (7) are located on side of the luminaire.
 - Short press the touch switch (5) on front side to cycle through the following modes in sequence: 3000K Warm White – 6000K Daylight – 4000K Cool White – OFF.
 - Long press the touch switch (5) change the brightness between LOW or HIGH.

NOTE: This luminaire includes a rechargeable lithium-ion battery. See Safety Tips on Page 2 for more info.

5. To charge the product, plug the provided cable into the USB-C charging port (7) on the side and connect the cable to a power adaptor (not included). Charging Indicator light (6) will illuminate white during charging and will turn off once fully charged.

NOTE: This luminaire is not compatible with the USB-PD charging standard (generally USB-C to USB-C). Please use the included USB-A to USB-C cable to charge this luminaire.

NOTE: Please ensure an appropriate power adaptor (not included) is used for charging according to the rated input of the product (5V DC, 2A).

Safety Tips and Warnings

- This product is NOT suitable for children aged 3 and under.
- This product is NOT a toy. Keep out of reach of small children.
- Young children should be supervised to ensure that they do not play with this product.
- This product is for decorative purposes only.
- The light source of this product is not replaceable; when the light source reaches its end of life, the whole product shall be replaced.
- The built-in lithium-ion battery is not replaceable; when the battery reaches its end of life, the whole product shall be replaced. Contact your local council to safely dispose of equipment with a built-in lithium-ion battery.
- Battery performance will gradually decrease over time; this will reduce the operating duration.
- Always ensure the power is OFF and the product has cooled down before performing any maintenance, cleaning or adjustment to the product.
- To clean, wipe with a soft damp cloth or duster. Do NOT soak or immerse the product in water or other liquids.
- Ensure that the product does not come in contact with corrosive chemicals/solvents or abrasive cleaners etc.

Specifications

SKU #	300966	300967
Colour	Chalk	Bronze Finish
Battery	18650 Li-ion 3.7V 1800Mah 6.66Wh (non-replaceable)	
Rated Input	5VDC 2A	
LED Specs	2W LED, 100 lumens MAX, 3000K-6000K-4000K, CRI>80, Dimmable, Flicker Free.	
Working time	5-10hrs	
Weight	0.4kg	
Dimensions	Dia:160mm E:40mm
